NOTICE OF PROPOSED RULE MAKING**Adopted: May 5, 1999****; Released: May 14, 1999****Comment Date: July 6, 1999****Reply Comment Date: July 21, 1999**

By the Chief, Allocations Branch:

1. Before the Commission for consideration is a multiple docket Notice of Proposed Rule Making setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical

requirements and would serve the public interest.

2. This is a multiple docket Notice of Proposed Rule Making issued in response to a Commission Public Notice released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single Notice of Proposed Rule Making. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the Public Notice, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

C. MM Docket No. 99-163, RM-9595

Petitioner: Mountain West Broadcasting

Victor A. Michael, Jr.
President, Mountain West Broadcasting
6807 Foxglove Drive
Cheyenne, WY 82009

Proposal: Allot Channel 287C1 to Jackpot, Nevada, as the community's first local aural service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Jackpot, Nevada	--	287C1

Coordinates: 41-59-06 NL; 114-40-18 WL

Additional Information: This allotment does not require a site restriction. Section 307(b) of the Communications Act of 1934, as amended, mandates that the Commission fairly, equitably, and efficiently distribute frequencies " . . . among the several States and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or is listed in the U.S. Census, that is sufficient to satisfy its status. Absent such recognizable community factors, the proponent of a channel allotment must demonstrate the place to be a geographically identifiable population grouping. Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88, 101 (1982). Although the proponent of the allotment does not need to show that the borders of the locality are precisely

delineated, it must show that residents of the locality are commonly regarded as a distinct group. This can be proven by the testimony of local residents or by objective or subjective evidence indicating the existence of a community. Beacon Broadcasting, 2 FCC Rcd 3469 (1987), aff'd, 2 FCC Rcd 7562 (1987). Some examples of objective indications of community status include the existence of political, social, economic, commercial, cultural or religious organizations and services in the community. See Kenansville, Florida, 5 FCC Rcd 2663 (Policy & Rules Div. 1990), aff'd 10 FCC Rcd 9831 (1995). While "Jackpot Division," which the U.S. Census defines as a county subdivision, is listed in the Census and attributed with a population of 1,159 persons, there is no listing for Jackpot itself as a community. We note that the 1998 Rand McNally Commercial Atlas does have a listing for Jackpot and attributes it with a population of 570 people. Therefore, since Jackpot is not listed in the Census, and based upon the petitioner's initial presentation, we cannot determine its community status under the Beacon Broadcasting or Kenansville test. Therefore, petitioner is requested to provide additional information regarding the attributes of Jackpot consistent with the above guidelines. Failure to provide the requested information will result in a denial of the proposal.
